The advantages of our SaniGrip knives

- Permanent, durable antibacterial protection right from the start
- Contributes to hygienic safety in working areas
- Protects on a natural basis, hygienically faultless and durable. Inhibits the growth of bacteria and kills them
- Polished, stable blade, cutting edge checked by laser
- Balanced hardness, significantly less material consumption
- Safety due to finger protection and thumb support as well as rounded knife backs
- Knife lies comfortably in the hand, thus precise handling and improved efficiency
- High quality knife alloy and material compositions

- Bacteria count without SaniGrip
- Bacteria count with SaniGrip
